In case of deposits initiated on 23th December 2021 or later, the Bank deems new money the difference between the client's aggregated day-end closing balance and that on 26th November 2021 which is the deposit reference day. The aggregated balance is the client's total day-end closing balance on all the GRANIT current accounts, on fixed terms, on saving accounts and on long-term saving accounts. The balance in other currencies accounts than HUF will be converted to HUF on the officially registered GRANIT Bank exchange rate on the reference day of the deposit.

Debits (such as credit card purchases, transfers, direct debits, charge charges, etc.) which happened on the same day but later than deposit and the amount disbursed from loan, reduce the daily balance of new money.

Those deposits which start on the reference day or later and the condition contains new money requirement reduce the daily balance of new money.

One client (an Account Holder and Joint Account Holder together) is entitled to keep a maximum HUF 30,000,000 amount in eBank deposit. The amount is calculated with the deposits deposited from 25th November 2019. If the client exceeds this limit, the interest and AER is 1.00% for the total amount of this deposit if the deposit fulfils all criteria.

The months of the deposit will begin with the same day as the date of deposit and will remain in the following calendar month until the day before the date of the deposit. The fulfilment of the GRÁNIT eBank deposit conditions is examined in every month in the same day when the deposit started. On the month of the maturity the fulfilment of the deposit is examined in five days before maturity date. Based on the deposit conditions the actually performed interest rate is shown on GRÁNIT NetBank, before one day of the deposit expiry, after 6pm.

You cannot change automatic rollover options.

*Do not hesitate to ask the help of our colleagues (in NetBank, TeleBank with TPIN or personally in bank branch) to determine your new money, but note that after the specified amount, your daily debits (such as credit card purchases, transfers, direct debits, charge charges, etc.) reduce the daily balance of new money.*
